

Visionary Grande

The Visionary Grande is an electronically controlled large format retractable screen

Visionary Grande

The Visionary Grande extends the capabilities of Stewart's popular Visionary Electriscreen (VE). The Visionary Grande is aptly named because this screen allows systems integrators to install 10-18 foot screens in commercial screening rooms, boardrooms, conference rooms and houses of worship.

The Visionary Grande is an electronically controlled, retractable screen that is primarily designed for new construction that requires a large format screen. The self-finishing bezel style screen offers clean lines, a flush ceiling mount with minimal seam lines, and no visible hardware. Appliqués can even be applied to the bezel to match room décor.

Despite its large size, the Visionary Grande is surprisingly easy to install, due to the integrated winch lifting system that facilitates mounting the screen to the ceiling and the ability to level the screen/bezel to the ceiling independent of the housing. The Stewart Filmscreen engineers have established a complete ease of installation protocol for the Visionary Grande. A factory specialist can provide details based on installation and project design. The Visionary Grande is available for use with a variety of Stewart's award-winning front and rear projection materials.

FEATURES

- Integrated winch lifting system to facilitate easy installation (optional)
- Custom sizes and aspect ratios as per request
- 5" diameter roller tube with sound-dampening insulated screen drive
- Aluminum extrusion housing/case (standard white finish)
- Multiple mounting styles (threaded rod, direct mount, cantilever mount)
- Aluminum extrusion housing/case (standard white finish)
- Exclusive Tab-Guy™ tensioning system ensures a smooth and completely flat screen surface
- Matte black over-scan border* provides for a perfectly masked image area
- Standard multifunction controller included
- Optional control systems available
- Service is easy and does not disturb the ceiling installation

Pricing for the Visionary Grande is variable and dependant on screen size and type of screen material used.
