

# News for professionals who want everything to happen with a click.

**SMS PROJECTOR X.** Every detail counts for a polished presentation. Our new strictly professional X-series features functions and enhanced adjustment capabilities that make the job so easy your audience will take notice. Like the tilting and revolving projector bracket which comes with a new click hold to make it just as easy to put up your projector as it is to remove it for safe storage. Click on – impress – click off.
