Visitor Analytics

- ✓ Our comprehensive solution combines Desk, Meeting Rooms, and Visitor Management into one seamless platform, simplifying user control across all modules.
- ✓ Enjoy the flexibility to opt for either an unmanned reception with tablet check-in, a staffed reception check-in, or a combination of both.
- ✓ Pre-register visitors in advance to streamline the process and eradicate the necessity for manual sign-ins.
- ✓ Print visitor badges prior to arrival for added convenience.
- ✓ Administrators can efficiently oversee the list of checked-in individuals during emergencies using the PWA.
- ✓ Add notes to a visitor record to capture crucial information about their visit.
